Teachers College's policy requires that all students receive a COVID-19 vaccination and booster(s). **An exemption based on pregnancy status or breastfeeding may be granted upon receipt of a completed form (below) signed and certified by a licensed health care provider, not related to the submitter, and whose specialty is appropriate to the associated condition (e.g. obstetrician).**

Such an exemption expires when the condition(s) contraindicating COVID-19 vaccination and/or booster(s) change in a manner which permits vaccination or upon moving out of College-owned housing, as determined by Teachers College in reviewing the request. The assigned expiration is at the sole determination of Teachers College.

**Students with an approved exemption may be required to comply with additional testing and other preventive requirements as specified in the exemption approval and as may be updated by later notification and/or posting of requirements on the TC website. In the event of an outbreak on or near campus, students with exemptions may be excluded from all campus facilities and activities, in order to protect all unvaccinated members of the community, until the outbreak is declared to be over.**

**While TC will carefully review all requests for exemptions, approval is not guaranteed.** TC will carefully review each request and determine if the request should be granted. After your request has been reviewed and processed, you will be notified, in writing, if an exemption has been granted or denied. If the approved exemption contains an expiration, you will be expected to complete the requirement at that time. Should the condition continue, or a new vaccination/booster contraindication occur, a new request with updated documentation is required. Decisions are final and not subject to appeal.

Individuals

whose requests have been denied are permitted to reapply if new documentation and information should become available.

	I understand that in the event of an outbreak or threatened outbreak, I may be temporarily excluded or reassigned from College facilities and approved activities (including but not limited to College-owned housing). I agree to comply with these restrictions and accept responsibility for communicating with supervisors, Division of Student Affairs, Human Resources, and/or Office of Residential Services (housing affiliates) as appropriate to allow compliance with health and safety requirements for unvaccinated individuals.
	Should I contract COVID-19, I will <u>immediately</u> report it to the Student Health & Wellness Office and comply with all isolation and quarantine procedures specified by the College and remove myself from the College community if so advised.
	I acknowledge that I have read the <a href="#">CDC COVID-19 Vaccine Information</a> and the CDC guidance on <a href="#">COVID-19 Vaccines While Pregnant or Breastfeeding</a> .
	I understand that this exemption will expire when the condition contraindicating vaccination and/or booster(s) changes in a manner which permits vaccination, as determined by the College in reviewing the request.
	I understand and agree to comply with and abide by all Teacher College COVID-19 policies and procedures.
	I understand that this exemption is only valid while the College COVID-19 vaccination policy stands and I may need to submit a new request for any subsequent changes, new medical contraindications, or on expiration of an approved exemption. I further understand that the approval is provisional based on the current vaccination policy and is subject to change based on College requirements moving forward.
	I authorize my licensed health care provider to provide Teachers College with medical information about my exemption for the COVID-19 vaccination.
	I certify that the information I have provided in connection with this request is accurate and complete as of the date of this submission.
